PROFILE

Skilled and Seasoned Senior Frontend Developer
With over **12 years** of industry exposure, I've had the chance to work on some of the most interesting and challenging domains. I've got opportunities to design, develop and deploy to production for multiple products. I have been working on fast paced environments and learnt from the best.

I aim to leverage my experience, actively contribute, and foster personal growth within the organization.

SKILLS

Programming

- JavaScript, TypeScript
- HTML5
- CSS, SCSS, LESS
- React, Kendo, Angular, jQuery
- Express JS, KoaJS
- PostgreSQL, MongoDB

Software

- Git, TFS, VSTS
- VS Code, NodeJS, Visual Studio
- Photoshop, Figma, Illustrator, XD

EXPERIENCE

Senior Software Engineer | Forto Logistics GmbH & Co KG.

Berlin, Germany   **Oct, 2021 to Present**

Collaborating with multiple operations to build a world class product that engages digital solutions to empower global supply chain processes. I am part of the Fintech team handling everything money in terms of invoicing.
Worked on: ReactJS, Material UI, KoaJS, NodeJS, TypeScript, Figma

Senior Software Engineer | Crestron India Private Limited

Bangalore, India   **Oct, 2020 to Sept, 2021**

Worked as a designer and developer contributing in building core node modules as CLI. I also worked on **CH5** a Crestron in-house design system based framework developed for building proprietary applications.
Worked on: Vanilla Javascript and Typescript, ReactJS, Figma

Engineering Lead | Aurigo Software Technologies Private Limited

Bangalore, India   **Jan, 2017 to Sept, 2020**

Redesigned and developed the cross platform mobile app. Led a team to overhaul the enterprise web application, from design to delivery, including designing, assets building, documentation and code changes.
Worked on: Typescript, Javascript, C#, Cordova, ReactJS, Swift, Kotlin, Adobe XD, InVision, Telerik controls

Consultant | Capgemini India Private Limited

Bangalore, India   **May, 2014 to Dec, 2017**

Worked on multiple projects to contribute to projects on React, Angular or Vanilla based architecture. Contributed to building knowledge base for CSS preprocessors and JavaScript based content.
Worked on: Typescript, Javascript, NodeJS

Senior Software Engineer | Nous Infosystems Private Limited

Bangalore, India   **Feb, 2013 to Apr, 2014**

Contributed to multiple projects under mobile platform as a app designer and a cross platform app developer. Contributed to building a design suite for various app concepts as part of library.
Worked on: Javascript, Photoshop, Java, Objective C

Assistant Software Engineer | Tata Consultancy Services

Bangalore, India   **Aug, 2010 to Jan, 2013**

Joined as a fresher and learnt design tools and Android platform. Contributed in internal projects which catered research needs.

Worked on: Javascript, Photoshop, Java, Objective C, Adobe Flash

ACHIEVEMENTS

Google certified User Experience Designer (2021)
Received Google Certificate of User Experience Designer, through Coursera course for the same.

Crestron India (2021)
Contributed in developing a product in a small period on CH5 (in-house HTML framework) to handle Flash deprecation.

Aurigo Software Technologies (2019-2020)
Lead a team to deliver a major design overhaul of the legacy enterprise suite.

Capgemini India (2015)
Got certified in Kony (5x) to contribute to developing and delivering a huge banking project.

Nous Infosystems (2014)
Created a design library of 10 conceptualised mobile applications as part of showcase.
